## National News—1965

**1** *A Wave for Friends*—Cuban refugees waved to Cuban exiles on shore as their coast guard cutter approached Key West last fall. Such emotional scenes occurred frequently after Castro announced his "open door" policy, allowing certain groups of Cubans to leave his dictatorship.

**2** *Pioneer in Space*—Astronaut Edward White stepped from his Gemini IV space capsule and into the void of space last June. Maj. James McDivitt, his companion on a 3½-day orbital flight, had to coax White back into the capsule after he had traveled 20 minutes suspended from Gemini IV. Gordon Cooper and Charles Conrad were the next space twins to orbit the earth. They completed their 8-day flight in Gemini V during August.

**3** *Medicare Bill Signed*—President Johnson signed the Medicare Bill into law July 30 with former President Truman at his side. Witnessing the event that had far-reaching effects on Social Security benefits for the elderly were (left to right) Lady Bird Johnson, Vice President Humphrey and Bess Truman. The ceremony was held in Truman Library in Independence, Mo.

**4** *Temporary Mood*—Dodgers Manager Walter Alston's mood of dejection after the Minnesota Twins won the sixth World Series game did not last long. The Dodgers emerged victorious in the 7th game and captured the pennant.

**5** *Double Space Spectacular*—Astronauts Wally Schirra and Tom Stafford got this view of the Gemini 7 spaceship December 15 while traveling in their Gemini 6 craft for their historic rendezvous adventure. Schirra and Stafford rode their red-hot craft back to earth the following day, but Gemini 7 completed a 14-day mission before its re-entry. Making the longest and most significant voyage in space in Gemini 7 were Frank Borman and James Lovell, Jr.

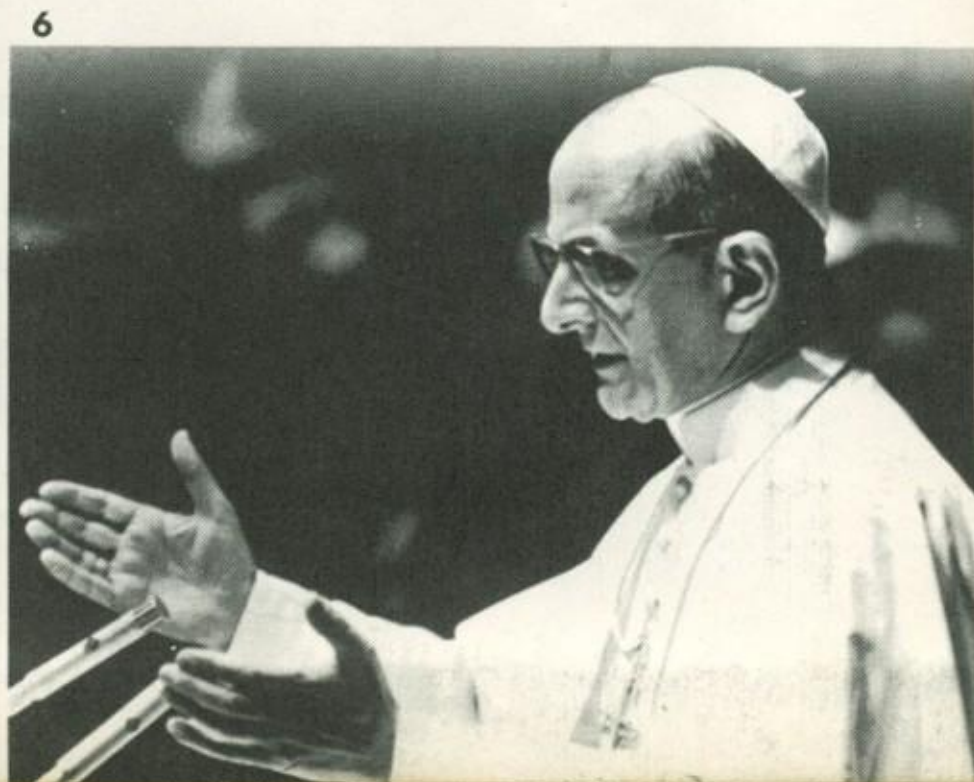

**6** *Plea for Peace*—Pope Paul VI stood before the United Nations General Assembly in New York on October 4 to deliver his plea for

world peace. His unprecedented, one-day visit in the U.S. was the culmination of plans by men of all faiths.

**7 After Surgery**—President Johnson was photographed in a reclining chair at Bethesda Naval Hospital the day after his gall bladder operation on October 8. He conducted the work of his office from his hospital room and his Texas ranch during his recuperation.

**8 Proud Student**—Charles Craig, 19-year-old freshman at Iowa university, demonstrated his criticism of draft-card burning incidents by displaying his draft card on his jacket with the note: "I'm a draft card carrying American and proud of it." Our role in the Vietnamese war sparked the incidents.

**9 Blackout**—The glittering metropolis of New York City was thrust into darkness on November 9 by a massive power failure affecting hundreds of miles along the eastern seaboard. City residents and commuters were stranded in offices, railroad and subway stations for hours before service was restored. The crippling condition was caused by a faulty relay at a Canadian generating station near Niagara Falls.

**10 New Ambassador**—Arthur Goldberg was named U.S. Ambassador to the United Nations by the President after the death of Ambassador Adlai Stevenson on July 14 in London. Goldberg was secretary of labor under President Kennedy and a U.S. Supreme Court Justice when named to the U.N. post.

**11 Startling Fashions**—Bold and contrasting blocks of color were the youthful fashion note of 1965. The eye-catching designs even extended the length of campus stockings worn with the costumes.

**12 Royalty on Tour**—Princess Margaret and her husband, Lord Snowdon, arrived in New York on November 4 for a whirlwind tour of the U.S. During their visit, they took time out for fun-filled activities such as a ride on a cable car in Frisco and gala parties in Hollywood and the nation's capital.

In mathematics we find the circle, comprised of an infinite number of infinitely tiny straight lines. In music we find thousands of notes, clear and beautiful in themselves, combining to form a majestic symphony. In biology we find the most complex of organisms—man, composed of organs made up of tiny cells containing organic molecules with complex atomic structures of their own. And in the vastness of the universe we find the earth itself, with its continents, oceans, cities, rocks, soil, air, and basic elements.

Here in New Berlin we have New Berlin High School, a world in microcosm, comprised of its own geography, population, and way of life—

its buildings .....	page 4
its athletics .....	page 10
its activities .....	page 28
its organizations .....	page 46
its people .....	page 66

Each of these components adds something precious and essential to our school. The people of New Berlin High, the faculty and the students, are the living force behind its existence; and the organizations, activities and athletics of New Berlin are the expression and result of their spirit, ambition, and wide range of interests. The school building itself is not only the physical unit containing all this life and activity, but an embodiment of the essential spirit of New Berlin High School in a tangible form of steel, glass, and stone. Like the notes which constitute the symphony, the parts of New Berlin High form a whole which has a powerful spirit behind it. Like the circle, this spirit is endless, for it dwells forever with the alumnae of New Berlin. And like the man, New Berlin High School is a living thing with a character of its own, growing, working, and aspiring to ever higher goals. The building, the people, and the activities of New Berlin are, like the vital organs of man, necessary to its health and continued growth. Our school is a unique and complete entity in itself, and yet it is but a small part of the city of New Berlin, the United States, the world, and the universe. Despite its smallness in comparison with these large concepts, New Berlin High School is far from insignificant. It has a distinct and important role in the complex interrelationship of factors which comprises our society—the education of youth which will ultimately determine the future.

New Berlin High School is not an isolated unit, but a single facet of the community life of the city of New Berlin. With its rapidly increasing population of people, New Berlin is an active, growing city of contrasts and anachronisms.

In this city, sleek new homes of stone and glass rise beside historic farm houses, gingerbread-trimmed and gray with time, while cornfields and pastures are bulldozed into industrial parks. New Berlin is a city of homeowners and businessmen, farms and factories.

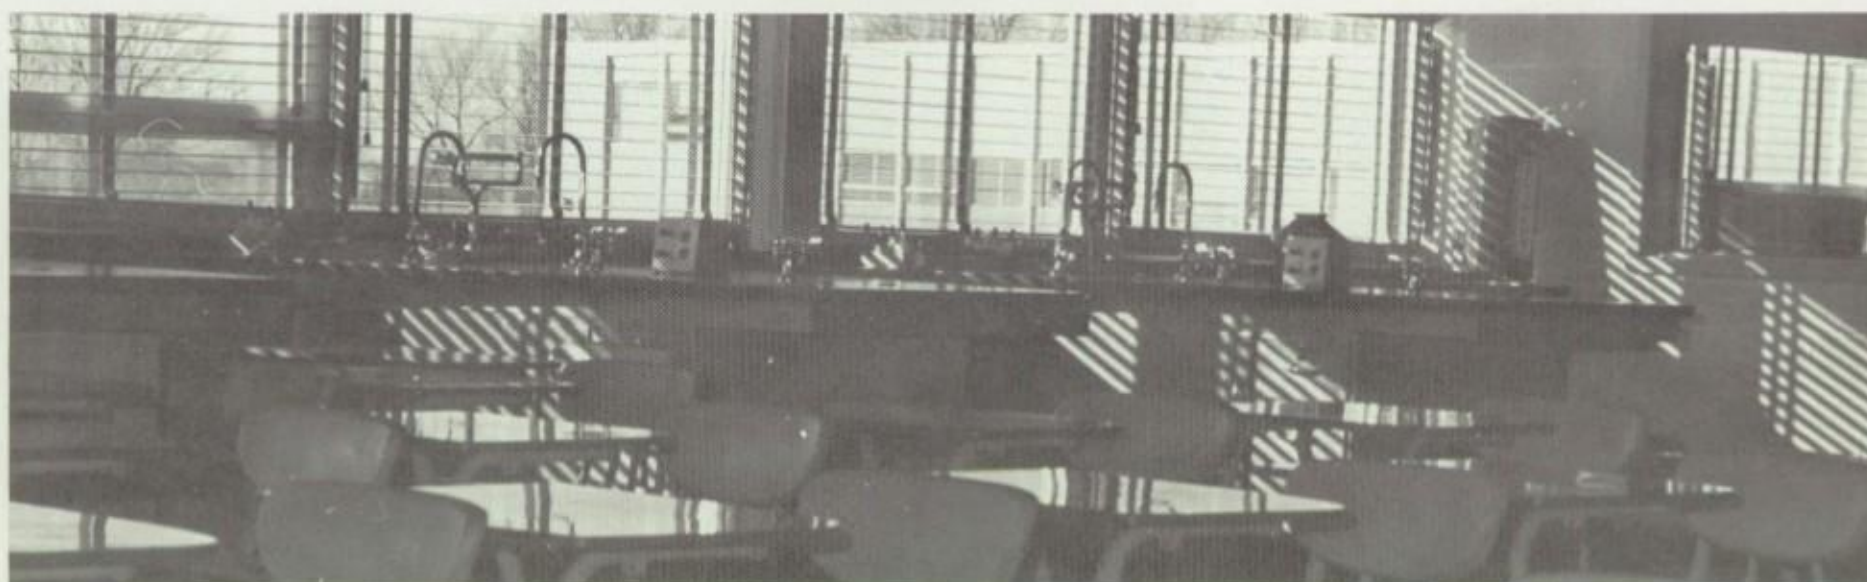

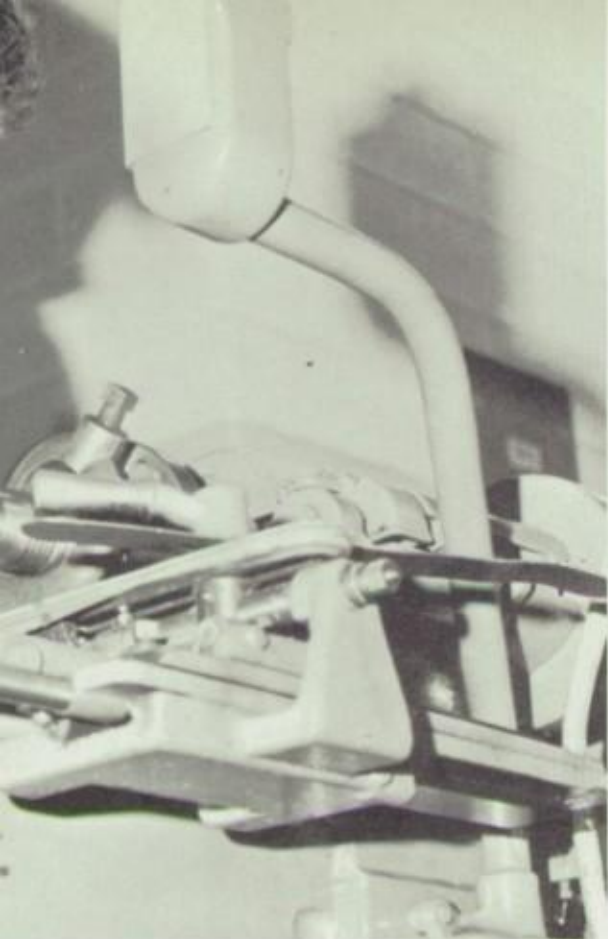

Among the gently rolling green hills of the city stands New Berlin High. Within its blue and gold exterior there are sights and sounds and activities as diverse as the city surrounding it. There is the gym, brightly lit, its bleachers resounding with cheers at pep assemblies and athletic events, or with bouncing balls and running feet of physical education classes. There is the cafeteria, at lunchtime sunlit and filled with the clatter of dishes and conversation, or in the evenings dimly illuminated, throbbing to a pulsating rock and roll beat and the rhythm of dancing feet. Upstairs we find the science rooms, permeated with strange chemical odors, filled with flasks and test tubes and microscopes, and populated with little clusters of students intent on their experiments.

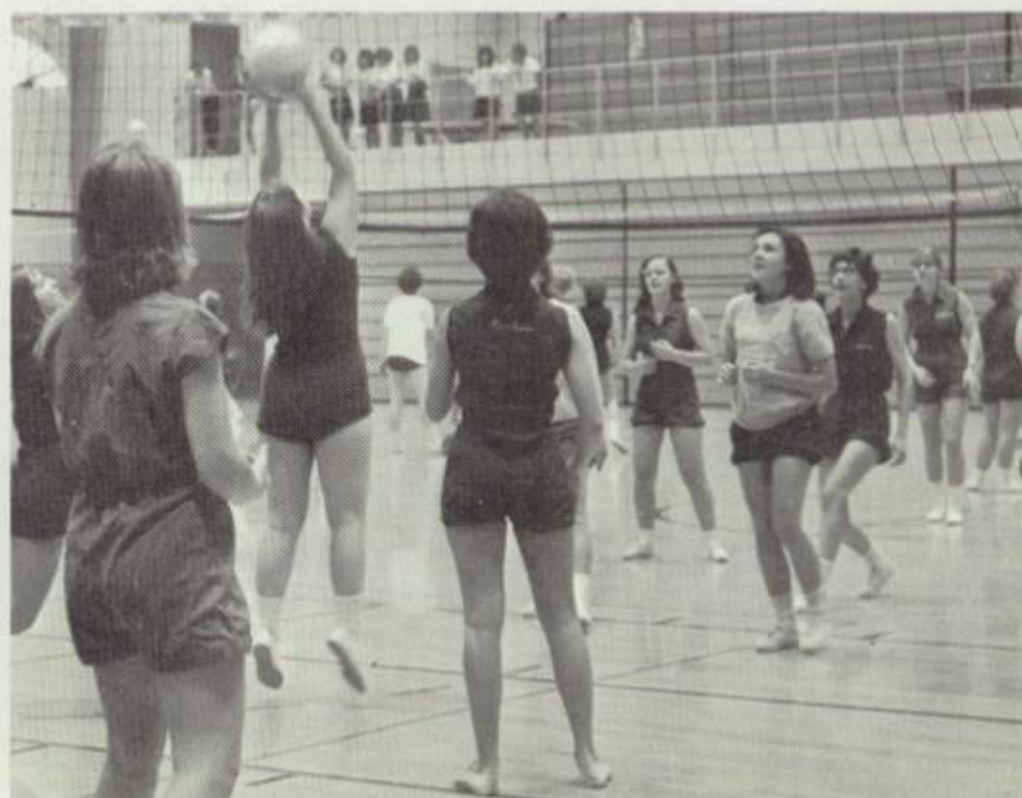

In still other parts of the building there are the foreign language rooms, equipped with microphones and tape recorders, the art room, filled with lingering odors of clay and paint, and band and chorus rooms ringing with the sound of music. There is the lobby with its case of golden trophies, industrial arts and home economics rooms with tools, sewing machines and kitchens, the new swimming pool, and the rooms for social studies, math, and English. There are business rooms with their typewriters and office machines, and the library with its selection of fiction and reference books. Actually, the school extends beyond the building itself, and encompasses a large plot of land divided into broad green lawns, parking lots, tennis courts, and athletic fields. All these different rooms and areas, each designed for its individual purpose and suffused with its own peculiar atmosphere, comprise the physical unit in which the life of New Berlin High School takes place.

Athletics are a vital part of the life of our high school. The athletic program is beneficial not only to the athletes themselves, but to the student body and the school in general. When a large group of students is cheering their team at an athletic event or a pep assembly, they are not only enjoying themselves, they are generating a rare thing; a collective feeling of pride and loyalty for their school.

# Athletics

Our athletic program is made up of a wide variety of sports. We have football, basketball, wrestling, golf, tennis, track, cross country, baseball, and swimming teams. Each one of the athletes who make up these teams, and each one of the spectators who cheers them on to victory has an individual feeling of loyalty for New Berlin High School. When all these individual feelings are combined, there exists a feeling of unity—a phenomena which may be somewhat vaguely termed "school spirit." This school spirit is valuable not only for itself, but because it is closely related to feelings of loyalty and responsibility towards the community and nation of which New Berlin High is a small part.

Sue,  
Well here we  
are stuck for a fun, fun  
year in history! Lots a  
luck in everything—history  
wouldn't be too bad 'cause

Greenfield, however led in total yards rushing with 1695 to New Berlin's 1376. The New Berlin attack was spearheaded by all conference guard Pete Bierle and Carl Maltch, who was a second team all conference back. Tom Goeldener also received recognition as a second team all conference tackle.

## Cross Country

Among the highlights of the 1965 cross country season was the establishing of a new record for the New Berlin cross country course by Jim Kubinek. The record is 12 minutes, 37 seconds. Don Bucholtz became the first sophomore at New Berlin High School to earn a letter in cross country. The season would have to be considered a successful one under any criteria, but even more so when you realize that New Berlin finished fourth in the Parkland Conference with a team composed primarily of sophomores competing in their first year of cross country competition. The season results are as follows:

## Wrestling

The Viking matmen repeated as conference, regional, and sectional champions this year. The New Berlin wrestlers extended their dual meet winning streak to 35 in a row. The grapplers have not lost a dual meet in three years. The matmen scored 99 points to win the conference tournament to runner-up Oak Creek's 65 points. Frank Kinateder, Paul Pilon, John Tischer and Pete Beierle won conference titles. Frank Kinateder and Darrell Mazzari were sectional champions, and went on to place second in the state. The New Berlin Vikings placed third in the team standings of the state tournament, for a very successful 1966 season.

This was a season of records for the Vikings, both individually and as a team. Steve Hansen set a new rebound record of 172, 62 more than the old record of 110 set by Dave Schmidt. He also broke the single game rebound record by pulling down 21 in one game. Steve showed his versatility by also leading the team in scoring with 231 points.

Lance Appleby set new school and conference records in shooting percentage with 51.3% for the season and 52.5% in conference play. Dave Schmidt held the old records of 50% and 47.7%.

Another New Berlin scoring mark was set by Gordie Bast who scored 27 points in one game, bettering by one point the old record set by George Zuniga.

Tom Goeldner showed his prowess on the charity line by establishing new school and conference records for free throw percentage with 76.7% and 81% respectively. The old records of 74.7% and 77.9% were held by George Zuniga.

Bob Hankel, the team's second high scorer with 177 points, was elected honorary captain by his teammates. The season record of 2-17 belittles the team's scoring ability. They set a new conference record by scoring 819 points in conference play. Their 1119 points during the entire season was also a new New Berlin High School record.

The team's poise and fortitude through a schedule of rugged opponents was a tribute to their character and that of their coach.

## Swimming

The latest athletic sport at New Berlin High School this past year, swimming, proved to be a tremendous success. Coach Chellevoid had around 150 boys report in November, although only 50 remained throughout the entire season.

New Berlin definitely was not a powerhouse in the Parkland Conference for the first year. But with a squad of basically freshmen and sophomores, these boys could pull quite a few upsets in their remaining years here.

Our varsity "tankers" defeated St. Francis twice during the year, and took Nathan Hale, West Milwaukee, and Milwaukee West Division down to the last event before a winner was determined.

Our J. V. swimmers defeated such schools as Kenosha Bradford and Racine Park, which proves what lies in store for the future.

With determination, desire and a lot of conditioning, this squad could pay big dividends to New Berlin High School.

Co-Captains for the varsity were Bill Jensen and Steve Owens. Lettermen were Bill Jensen, Steve Owens, Jim Schultz, Bill Vande, Tom Bohmann and Jerry Bohmann.

The Viking linksmen third in the Parkland Conference, behind Greendale and Greenfield. Highlighting this year's accomplishments were the performances of Gerry Naruo and Marc Casper who finished tied for fourth place in the forty-man conference meet. Gerry Naruo's score of 35 against Whitnall, and Marc Casper's average of 41.1 for the year set school records.

## Vikings Win Parkland Championship

George Zuniga had a big year both on the mound and at the plate for the Vikings. His pitching record was 7 wins and 1 loss. He also led the team at the plate with a .390 hitting pct. Other leading hitters on the N. B. nine were M. Schellinger with a .364 average, T. Marshall .316, J. DeRosso .303. Carl Maltch led the team in RBI's with 11 followed by DeRosso and Marshall with 7 each. The final game of the season decided the championship with the Vikings scoring a run in the tenth inning to beat Franklin by a score of 2-1.

# Activities

Making up a pleasureable portion of the school year were the many activities so thoughtfully planned for the students to enjoy. These activities included assemblies featuring folk singers, trampoline stunts, a film on the New York World's Fair, and an American Field Service film. They also included Armistice Day ceremonies, a speaker on narcotics, the annual awards assembly, plus numerous pep assemblies. Throughout the year academic burdens were lessened by occasional class cuts for activities.

*So This Is Paris*

Ellen Kirmsse, Sandy Kepler, Kathy Visauer, Helen Strickland, Carol Bernard, and Gloria Diliberti had the roles of six American teenagers in the musical "So This Is Paris". The adventures of the traveling girls was staged under the direction of Miss Damon, Mr. Morateck, and Mr. Johnson. All the music, make-up, props, and acting were the results of the music students' work.

## 'The Miracle Worker'

"The Miracle Worker," a glimpse into the life of Helen Keller, was staged by the STT April 28, 29, and 30, under the direction of Miss Zinner. Penny Aplin did an amazing portrayal of the animalistic six year old. Paula Kosir mastered an Irish dialog for the character of Annie Sullivan, the girl's tutor. Kevin Welniak as Helen's brother James, added ironic humor to the tense situations as did Sandy Cline and Pat McCowen. The parental responsibility of Mr. and Mrs. Keller fell to Scott Trentadue and Judy Krumbach.

"I am Adiga Ramadhani Godi. I had my 17th birthday in New Berlin in December '65. I was born in Masindi, Bunyoro District, in Uganda. I lived with my parents for only a few years. My father Juma Achile Godi, and my mother, Kenirsa Drabo are divorced. I stay with my uncles Musa Alli and his wife Aliya and Muhamadi Alli and his wives. Sometimes I spend my holidays with Uncle Saffi Alli. Musa and Muhamadi both sell fish. That's where I get my school fees and transport money for going to my boarding school in Uganda.

"I stayed with Mr. and Mrs. Robert Konle and with my brother Dale and sister Kathy. I had the most wonderful year with them. I'm so proud of them that I don't fear saying they are the best people that I've ever known. Because they wanted me to learn and gain experience, they took me snow skiing and skating on "our" ice by the house. We also went bicycling. My mom and dad treated me the same as they treated Daye and Kathy—I was grounded the first month I was in New Berlin. I loved my family so much that I was very sad when I had to leave them. I hope to keep in touch with them as long as I can.

"Just like any other African, I expected to see Red Indians and cowboys running around all over America. I was disappointed. I like my stay here, but the extremes in temperature made it a bit uncomfortable. The nine consecutive months without vacation in New Berlin High School nearly drove me crazy! Because of my many friends, once in school I forgot how many months had passed. Answering questions like: "Do animals—like lions—come to your back yard?" kept me busy. I didn't only do my school work, but went to different places to make speeches and to talk to high school and grade school kids. This was very amusing because of the types of questions they asked me. I hope I cleared up some of the ideas Americans had of Africans before I came. I also went to football meets, basketball games, and wrestling tournaments. I went out for track this year also. I admit I didn't do as well as I'd hoped, but I still got a letter in it. Going to high school dances and movies were the other things I enjoyed doing. I loved to do these in Africa, too.

"There is a great difference between New Berlin High School and Nyakasura High School, my school in Uganda. I went to school nine consecutive months here, but in Uganda every three

months of school I had one month off for vacation. The Christmas vacation is two months in Uganda. Here I had thirty minutes for lunch, but in Uganda we have 1 hour and 20 min. For a person like me who was quite used to drinking tea at 11 A.M. every day, it was a different thing to sit down in the Little Theater and study. It didn't take me too long to forget it. Through your Student Council there is no better understanding between students and teachers. This practice was abolished in my school long before I was old enough to attend.

"With the rushing of the days, the year quickly ended. The fewer days I had left, the more friends I seemed to be making. With all the friends and good times I had with them, I was sad school was coming to a close. But, it is kind of nice to be out of school. You will always remain my friends and make my memories of America longlasting. I thank the AFS Adult Chapter and Student Council, the Board of Governors and Principal, Mr. Strassburg, and Vice-Principal, Mr. Andrews. I will be missing each and every one of you. I still have three years of high school left, so I will keep working with my school work before I can go to college. I don't know whether I can make it that far!

Sadly and sincerely,  
GOODBYE

# Graduation

The end of our high school life began with the final cleaning of lockers, the final exams, and the important graduation ceremony practice.

Throughout all four years of high school everyone looks forward to graduation, but when it becomes a reality, the time is faced with mixed emotions. Looking back, one remembers outstanding events and circumstances of which he, perhaps, was a part. Just as he will miss his high school days, so will the remaining underclassmen miss him. The graduation ceremony marks the closing of his high school days, but opens the door to even more and better opportunities.

A last minute of straightening gowns and mortar boards, and a brief nervous wait . . .

Then we marched in to the music of Pomp and Circumstance. Charles Dubats, Gail Koch, and Jeffrey Ternes gave graduation speeches.

Mr. Daniel Nettesheim awarded scholarships to the fortunate few who earned them.

Our exchange student from Uganda, Adiga Ramadhan, was presented with his diploma along with the rest of the class.

### VIKING ALMA MATER

*Sing hail to thee our school so dear,  
Our Alma Mater need not fear.  
Vikings all we'll do our best,  
Our foes to conquer, we'll not rest.  
Viking flag of blue and gold,  
We'll raise her like the men of old.  
When we leave these halls so dear,  
We'll seek our dreams of yesteryear.*

The singing of the Alma Mater brought back nostalgic memories . . .

We marched out to the traditional music of Pomp and Circumstance.

With mixed emotions we packed away our robes and mortar boards and high school days.

The wide variety of organizations here at New Berlin encompasses nearly every possible area of student interest. We have groups concerned with such widely diverging fields as art, drama, swimming and electronics. The large number and variety of organizations here expresses the vital enthusiasm of New Berlin students and their interest in all facets of life.

# Organizations

Each of our organizations is, by itself a unique and valuable entity. Each organization has a smoothly operating structure and performs many activities. The activities of organizations are often worthwhile in the profits which they produce or the services which they perform for the school or the community as a whole. They are invariably beneficial to the students who participate in them, both educationally and socially. Our organizations, when regarded as a whole, present a composite picture of the interests of the students who comprise them. From the great participation in these organizations and from their constant activity we can gauge the enthusiasm of the people of New Berlin High school. The organizations make a significant contribution to the overall life of the school. They provide an enjoyable and constructive outlet for the energy and curiosity of the students. They enable the students to extend their knowledge of some subject beyond what is available in the classroom, and they provide social activity for the student body. Here at New Berlin High the student organizations perform the same vital functions which cultural, civic and social groups assume in the community.

*Good luck  
in years ahead*

## Band

The Senior Band is made up of students in grades 10, 11, and 12, who have had at least four years of band experience prior to their promotion to Senior Band. Their chief aims are to perform standard and classical music on a level approaching that of the professional musician. They take a great deal of pride in their marching performances in the fall, football games, and in the spring and summer community events. From this band are selected top students to play in the Stage Band and Pep Band. They play four major concerts yearly, and enter many solos and ensembles in the Parkland Conference Contest, as well as the band itself in Class A. They provide music for many civic events, and sponsor one school dance yearly, as well as the famous "initiation party" for new Senior Band members.

The Junior Band's chief purpose is to serve as a training ground and stepping stone from grade school bands to the high school senior band. Its aims are to further develop the technique, tone, and reading ability of its members. To train them in the rehearsal procedures as used on an adult level, and to give them experience in marching fundamentals.

As a part of the seasoning process the band participates in three major concerts and the Parkland Conference Music Contest.

# The Suburban Theatrical Troupe

## VARSITY

# Cheerleaders

Advisor: Miss Stoltenberg

The purpose of the cheerleading squads is to promote school spirit and backing for the various N.B.H.S. athletic teams. They practice three times a week during school and approx. once a week during the summer to perfect motions and togetherness of old cheers and invent new ones. The varsity cheerleaders are in charge of pep assemblies. Once the assembly has been o.k.'ed they organize it, arrange for speakers, etc. subject to the approval of their advisor. They usually attend at least one cheerleading clinic during the year to keep up with the new ideas in this field. This year they sponsored a dance at the beginning of the year to pay for new uniforms. The cheerleaders receive no financial aid from anyone. All their uniforms are paid for by themselves or by money they have earned as an organization.

# Conservation

Advisor: Mr. Leeman  
 President: Randy Suhm  
 Sec-Treas.: Fred Winchowke

The Conservation Club has as its motto, "Conservation Is Everyone's Business." This motto was developed from the basic conservation concept that man must learn to understand his role in the wise management of the valuable natural resources upon which his economic, social, and political institutions are largely dependent, if they are to survive. It is the aim of the organization to foster and develop a conservation philosophy in the membership. One of the special activities this year centered around the wildlife project of building and maintaining bird feeders in various parts of New Berlin.

To see it almost well its almost the end of our friendship in school is almost over. Good luck in all endeavors! After graduation you will have your own place in the world. You can light the power place for all. But remember, FUN! !

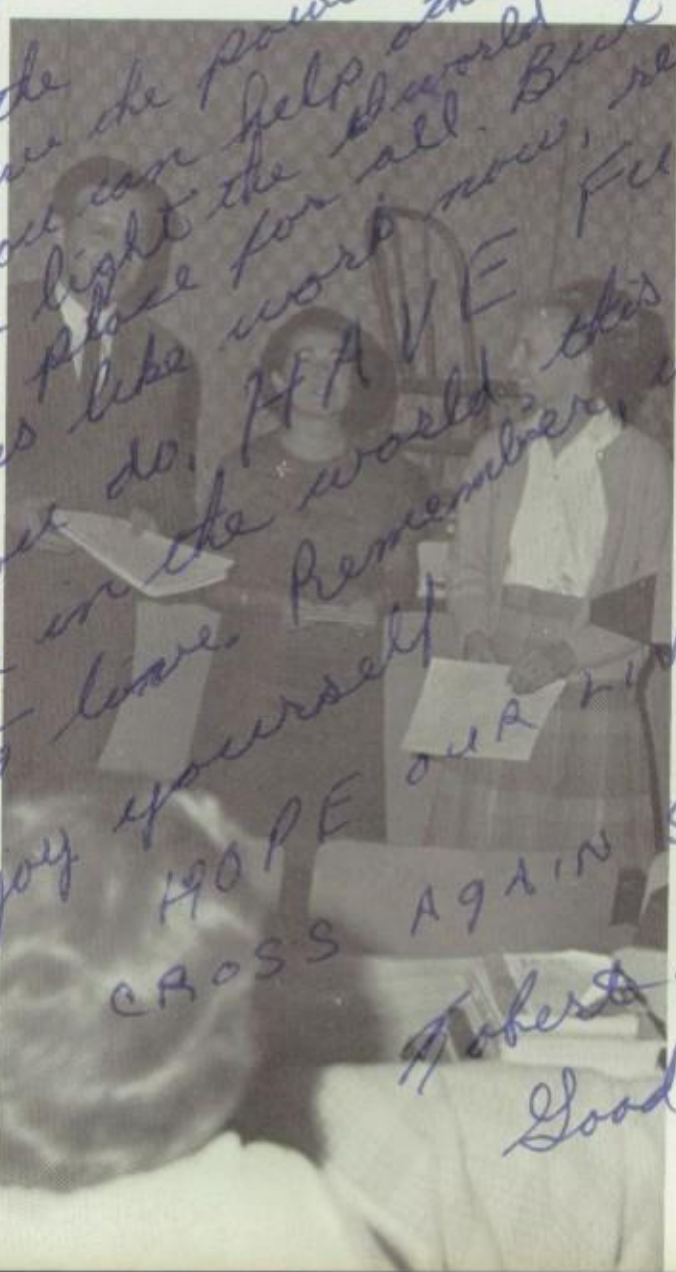

**Debate**

Advisor: Mr. Frederick  
 "A" Team: Kathy Calhoun, Sandy Bannister, Bob Meyer, Carl Hagstrand

The debate club participated in debate tournaments at Pius, West Bend, Sheboygan, Racine, Horlick, Racine, St. Catherine, Greendale, New Berlin, and Germantown. In addition, the debaters attended a debate institute at the University of Wisconsin and participated in the district tournament at New Berlin and the conference tournament at Franklin.

# French

Advisor: Miss Zamka  
 President: Ann Zaeske  
 Vice-Pres.: Sandy Mannigan  
 Treasurer: Gloria Rayhorn  
 Secretary: Renae Peterson

1965-66 was the second year for the French Club of N.B.H.S. This club was formed with the purpose of introducing French culture to the French language students of the school. Mr. Ronald Wright was a guest speaker who explained and promoted the idea of a European study trip. We attended two touring plays produced by "le Treteau de Paris." Several of our members worked in the French booth of the Holiday Folk Fair in November. In February, New Berlin's Mardi Gras Ball was sponsored by the French Club. Participation in a foreign language careers day held at Whitewater University was also included in the busy schedule. A Father-Daughter dinner at the Ville Du Parc Country Club completed a successful year.

## Electronics

Advisor: Mr. AUNE  
President: Bob Strandt  
V.P.: Randy Suhm  
Treas.: Jeff Lersch  
Sec.: Carl Szapinski

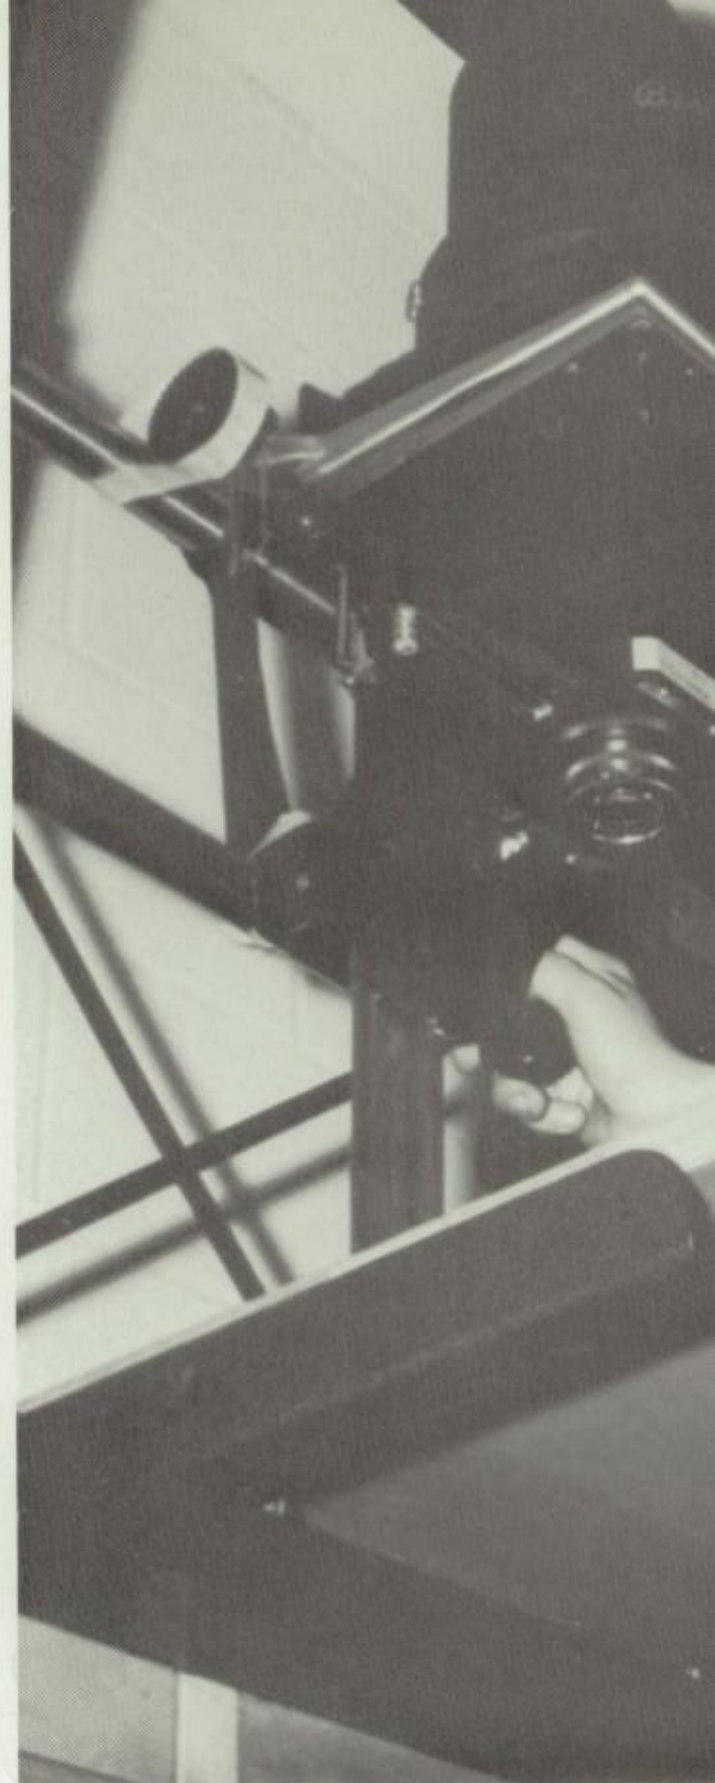

The primary aim of the Electronics Club is to provide the opportunity for students interested in the field of electronics to get together and share experiences. Assistance and encouragement is given to any student who wishes to build electrical and electronic equipment. At the beginning of the school year a dance was sponsored to raise funds for the purchase of club equipment. The club now owns several pieces of test equipment, tools, and a short wave radio receiver. A tour of an industrial electronics facility is planned for the latter part of the school year.

## Photo

Advisor: Mr. Meyer

The Photo Club is open to all students at N.B.H.S. Club meetings are held once a month at which time a different aspect of photography is discussed.

A modern well-equipped lab is available for members to use at no cost to them.

## Forensics

Advisor: Mrs. Brandt

Forensics offers students an opportunity for oral interpretation in nine different categories. Four levels of elimination are conducted with final winners representing our school on the state level at Madison.

This year we were hosts to the conference on March 19th. About 200 students and coaches and judges met at New Berlin to determine district winners to be sent to Menomonee Falls March 26.

## Guidance Helpers

Advisor: Mrs. Grundish

The guidance helpers assist Mrs. Grundish with all the many tasks so necessary to run an office efficiently.

# Girl's Club

President: Karen Kempinen  
 Vice-Pres: Marge Irvine  
 Treas: Renae Peterson  
 Secretary: Jean Elger

The Girl's Club was organized to provide an opportunity for girls to gain experience in socializing with each other, and to gain poise. Each year they sponsor a student dance, and a Christmas tea for the faculty. Various speakers are heard during the year on the subject of good grooming and personality development.

## Student Council

Advisor: Mr. Frederick  
Pres.: Karin Verhoeven  
V.P.: Doug Lange  
Sec.: Sandy Mannigan

The major aim of the student council is to represent the opinions of the student body and act as liaison between the administration and student body.

One of our projects is to support the student foreign exchange program. We also send students to various council conventions including the National (Tacoma,

Washington), Wisconsin (Stevens Point), and the Wisconsin Youth Conference at La Crosse.

We have also attended the conference meeting at St. Francis and district meeting at Milwaukee Lutheran. In addition, we held a special meeting at New Berlin at which the guest speaker was Homer Portor, President of the student council at Pius High School.

Prior to Christmas, the council visited Woods Hospital where they entertained the veterans. Lastly, the council is responsible for obtaining and supporting the school assembly programs.

## Witan

Advisor: Mr. Sauer

The publishing of a yearbook provides students with an opportunity to work in many areas such as photography, writing, page layout and design, business and management, publicity, and typing. It is a \$4000.00 undertaking. There are deadlines to meet, and a standard of quality which the students expect. It is not an isolated club, as every undertaking by every group in school is copy for yearbook pages. There is much tedious, repetitious and exacting work to be done in

laying out hundreds of underclass photos, typing out hundreds of underclass names, and compiling an index. This is easily offset, however, by the challenge of creating other interesting page formats, and seeing them take shape until finally the day arrives when you can hold the volume you produced and know that you are responsible for carrying the initial idea to reality. The editors who did such an outstanding job on the '66 WITAN are listed on page 1.

## N.H.S.

Advisor: Miss Wislinsky

President: Bob Hankel

V.P.: Roger Genski

Sec.: Linda Nowicki

Treas.: Janet Stutheit

National Honor Society is primarily a recognition organization for those people who have been

singled out as deserving because of scholarship, leadership, character, and service to school.

Its one annual activity is to carry out a project to raise money for the New Berlin Scholarship Fund. This year a dance, open to the entire area, was successfully sponsored by the group netting the scholarship fund over \$200.00.

## Lettermen

Advisor: Mr. Alf

President: Frank Kinanteder

Sec-Treas: Darrel Mazzari

The aim of the Lettermen's Club is to promote athletics at New Berlin High. Each year the lettermen present the school with a gift related to athletics. Last year they supplied the pennants that

hang in the gym, plus paying for part of the score board on the athletic field. This year's gift is an addition to the basketball score board. The lettermen do a big service to the school by assisting at many athletic events with taking tickets, directing crowds, etc.

The people of New Berlin High School are the factor which brings life and significance to the classes, activities, organizations, and building of the school. These people are the living energy which keeps the school functioning. The healthy growth and development of these people, mentally, socially, and physically is the objective of the entire school.

The population of New Berlin High School consists of two distinct groups of people, the students and the faculty. Each

## People

of the four classes of students is experiencing a peculiar phase of educational experience. The curiosity and desire for knowledge which all the students share enlivens the classroom discussions at New Berlin, and provides the incentive for learning, the business of the school. The students' wide range of interests gives rise to the great variety of organizations and activities at our school, and their school spirit and athletic prowess inspire the athletic program. New Berlin High School is an empty structure, a shell, brought to life by the voices, footsteps, music, enthusiasm and idealism of the students which inhabit its corridors and classrooms.

The students, of course, could accomplish nothing without the other half of New Berlin High's population, the faculty. The faculty must exist to direct the ambitions and enthusiasms of the students into constructive channels. In the miniature world which is NBHS, the faculty is a race distinct from the students, having customs, clothes, culture, and even language of their own. Somehow, in this little world, the faculty and the students manage to integrate, and to share the best of their societies with one another.

New Berlin High School is made up of many parts. It is a building made up of rooms designed for many different purposes; it is a variety of organizations, teams, and exciting things happening, and it is a unique spirit and idea. Most important, however, NBHS is a group of people. The people are indispensable, for they make up the organizations and carry out the activities, they utilize the facilities of the building, and they embody the spirit of the school.

## *Superintendent of Schools*

Gilbert H. Grosenick

## *Vice-Principal*

Carl Andrews

# Principal

With the close of the 1966 school year, Carl A. Strassburg, New Berlin High School's first principal, will have completed his fifth and last year as principal of this school. His work here actually began in 1960 when he was administrative assistant to Superintendent G. H. Grosenick, and helped to plan the entire curriculum at New Berlin High. This included the development of attendance forms, the Student Handbook, athletic codes, report card procedure, the hiring of the first faculty, plus numerous other things. An unusual and most difficult part of his work was that of developing school spirit.

Many students belittled the school at first because they had previously attended other schools to which they were still loyal. Perhaps they had an older brother or sister attending a different high school, and because of this found it hard to be enthusiastic about their own. Mr. Strassburg had to develop a school spirit among the newcomers and had to try to shift all previous loyalties. He had to invoke a spirit of devotion in the students. He wanted to provide for them a school of which they could be proud. Through his leadership the students chose school colors, songs, and the name "Vikings". He developed the high school's AFS program. Just as soon as possible he strived for N.C.E. recognition. After only three years in existence, our first seniors graduated from an accredited high school. He participated in the formation of the school's National Society and Student Council. He truly proved himself to have great leadership ability and a strong feeling of just what a good high school is. He most surely has proven himself to be a dedicated and devoted principal—a principal who N.B.H.S. will always be proud of and will always remember. Many thanks, Mr. Strassburg.

 didn't put us in here). I see, by  
 comparing schedules to "bug" Mrs. Bellich  
 have a chance to always remember our great P.E.  
 for a third year. Always remember our great P.E.  
 class "especially tennis & swimming". Don't forget Mr. Stem & Dr. E. E. E.  
 may be someday in the future we will have  
 our pictures on a "teacher page" like this in some yearbook  
 at least I hope so. Good luck in the future in every thing  
 you do. Love & stuff Ryan Steinke

P.S. You're contacts are great  
 now You've got me wishing

One of the many parts that made up the whole of New Berlin High School was the 1966 Witan staff. We have spent many hours and put a lot of effort into this year's annual, and have enjoyed every minute of it. I would like to thank the handful of people who gave the most of themselves to the production of the book. I would especially like to thank our advisor, Mr. Sauer. Without his help, patience, and experience the yearbook would be impossible to print. Thanks also to Mr. David Howland, our representative to the American Yearbook Company, who was most helpful in the production of this fine book.

Without the cooperation of the faculty, administration, and the entire student body, the task of creating a good yearbook would have been a tremendous burden. Because of the help the staff received this year, we feel we have the best yearbook printed for this high school. Everyone who aided the staff in any way will always have my gratitude.

I don't want it on honor  
 to be a junior?  
 You asked me to write  
 what should it be?  
 Just two little words,  
 "Remember me"  
 Love  
 Bonnie

(Excuse  
 handwriting  
 as I'm in the  
 bleachers!)

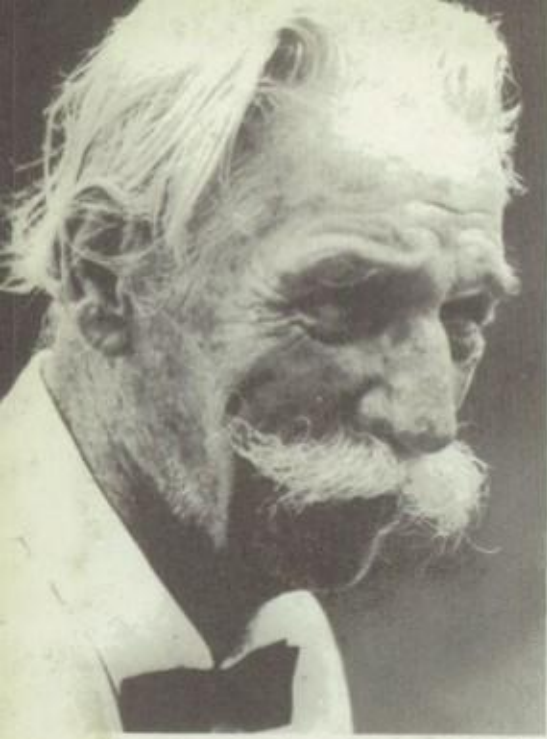

Sue -  
 from a senior to  
 a junior - best of  
 luck always  
 Claudine

Dear Sue,  
 We both have something in  
 common - we play the clarinet.  
 Well, at least you do, I'm not  
 so sure about myself. I've always  
 enjoyed sitting next to you in  
 Dr. Band. Have fun during your  
 junior year.  
 Love,  
 Sue Boettcher

Sue -  
 Even though we didn't  
 have any classes together  
 this year we did in our  
 freshman year. Do you  
 FEEL like a Junior? I  
 don't - lots of luck  
 Love - Vande

I just wanted to say  
 I love you  
 I just wanted to say  
 I love you  
 I just wanted to say  
 I love you

## World News—1965

**1 Humanitarian Dies**—Dr. Albert Schweitzer died in September at Lambarene, his primitive hospital at the African jungle outpost of Gabon. The famed physician, who reached his 90th birthday in January, worked most of his life to relieve the suffering of jungle natives.

**2 Queen Speaks**—Queen Elizabeth II dedicated the John F. Kennedy memorial at Runnymede, England on May 14. Mrs. Kennedy is seated to the left and Prince Philip to the right of the queen. Carolyn Kennedy is seated between the queen and her mother, and Sen. Robert Kennedy stands behind Mrs. Kennedy.

**3 Miss Universe**—The reigning queen of beauty in the universe during the year was a representative from Thailand.

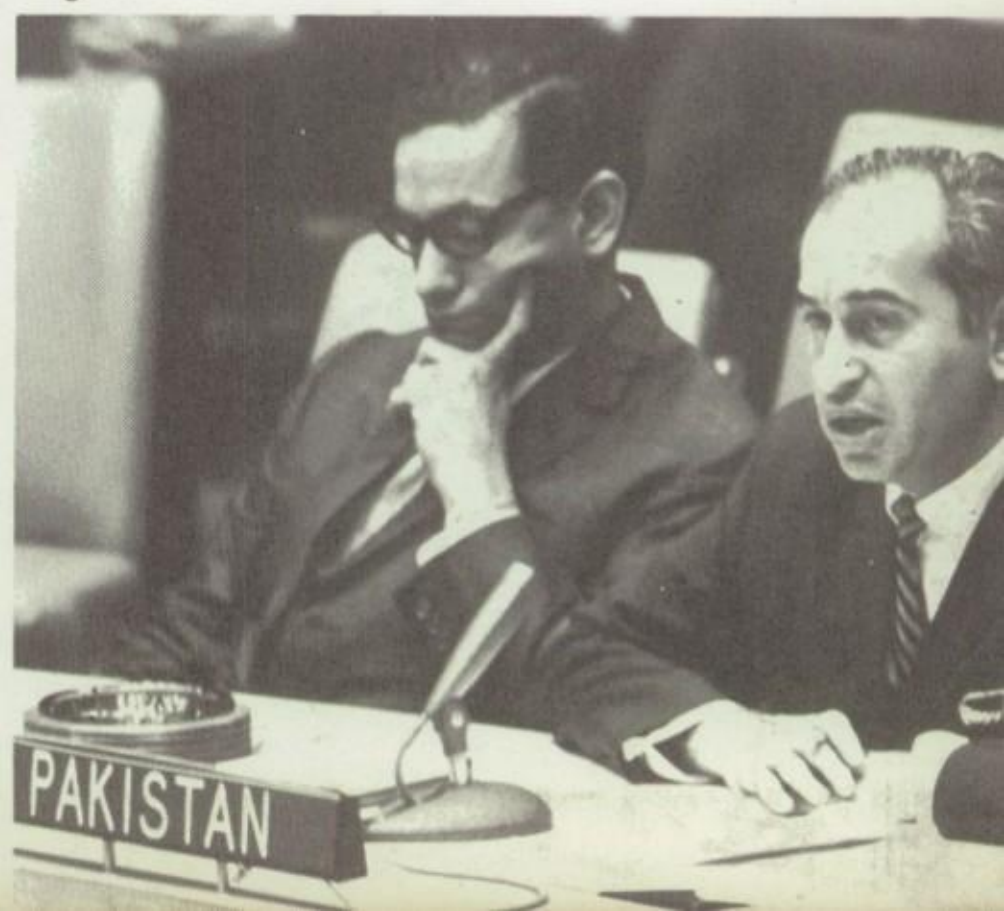

**4 Bosch Returns**—Former Dominican Republic President Juan Bosch was vehement in his address at a rally September 25, shortly after his return to Santo Domingo.

**5 Wins in Run-Off**—Charles deGaulle polled 55.2 per cent of the vote in a run-off election against Francois Mitterrand on December 19. The vote gave DeGaulle the French presidency for another 7 years, but the strength of the Socialist-Communist candidate corroded the popularity of the 71-year-old president.

**6 Agrees to Cease-Fire**—Pakistani Foreign Minister Zulfikar Bhutto (right) agreed in the U.N. Security Council on September 22 to accept the Council's cease-fire order in the undeclared war between Pakistan and India. Pakistan's announcement came after India had agreed to the order.

**7 Abortive Coup Fails**—Indonesian President Sukarno was toppled from power for a brief 20 hours last fall. He gestured at a cabinet

meeting on October 6 during his first public appearance after the coup, which seriously shook his one-man rule.

**8 Soviet Winner**—Russian author Mikhail Sholokhov was vacationing in the Ural region on October 18 when he heard he had been awarded the 1965 Nobel Prize for Literature. The December award ceremony was held in Stockholm.

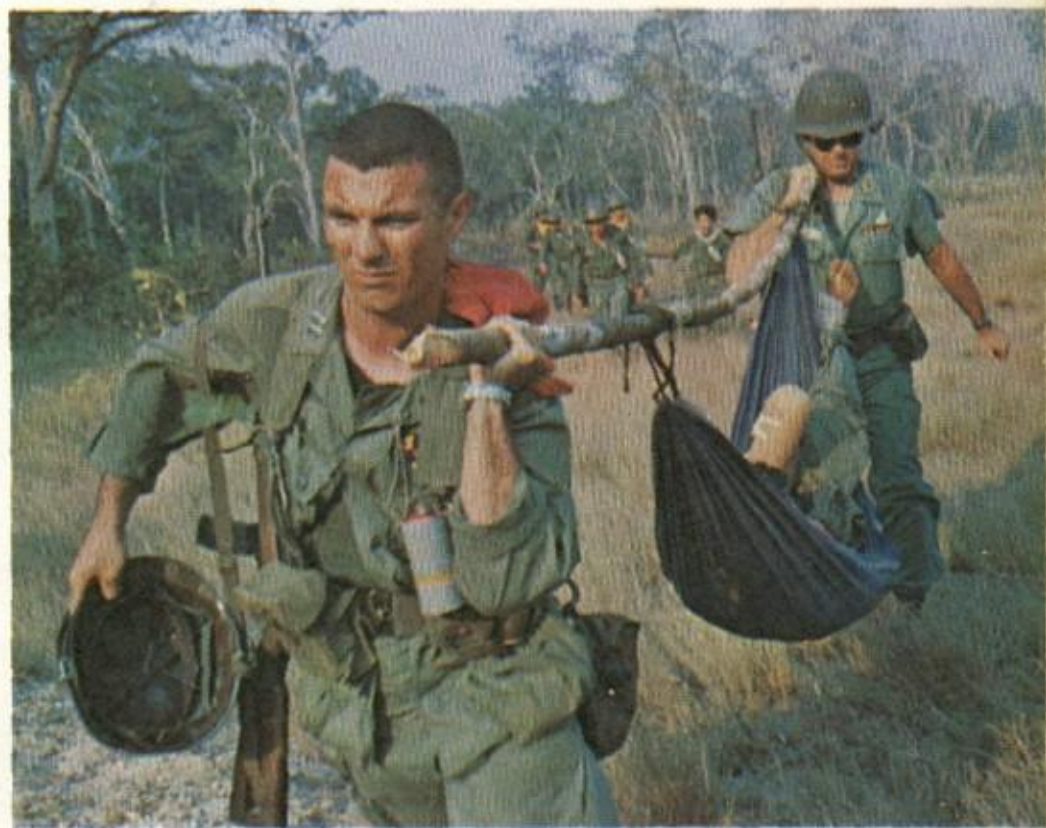

**9 Return to Desolation**—Hundreds of families returned to the wreckage of their homes, destroyed by eruption of Taal volcano, south of Manila, on September 28. Volcanic ash covered a six-mile-square area. The death toll was estimated at 500.

**10 Price of War**—The number of casualties increased as the U.S. stepped up its military action in Vietnam. American advisors took part in many helicopter missions, carrying wounded soldiers, both Vietnamese and American, to copters on makeshift litters for evacuation to Saigon.

**11 Reason to Celebrate**—Chancellor Ludwig Erhard of West Germany waved to a cheering crowd in Bonn after his Christian Democrats surged to victory in the September 19 parliamentary elections. Mayor Willy Brandt's Social Democrats suffered defeat in the voting.

**12 Colonial Rule Shaken**—Rhodesian Premier Ian Smith broadcast a proclamation of sovereign independence for Rhodesia on November 11. The split from Britain was made in an attempt to insure a white minority rule of the African colony. It was the first such move against Britain since the American colonies broke away in 1776. Britain retaliated swiftly and took the problem to the U.N. Security Council, which asked all nations to enforce an oil embargo against the African colony.
